MEMORANDUM FOR : Col. White

SUBJECT : Security Staff, O/DCI; Upgrading of the
Electronic Technician Position

1. At the request of both this office and the Office of Security, the Office of Personnel was asked to audit the Electronic Technician position, #309, Technical Section, Security Staff, O/DCI. As a result, Position Management & Compensation Division recommended that the grade of the position be raised to a GS-11 vice GS-07.

2. This position is being filled by a GS-11 [redacted] who, because of his grade, is carried on the Position Control Register as assigned to the Office of Security. We have carried a person [redacted] GS-07) who is assigned in the Physical Security Division, OS, on our register.

3. This upgrade would clear up this assignment inequity and equate the duties of the position with a commensurate grade. I recommend this upgrade and the Director of Security concurs.

4. Your approval is requested to upgrade position #309 to a GS-11 and to raise the O/DCI average grade from 11.065 to 11.075.
